I hereby apply to register my company as a partner company of Versicherungsforen Leipzig.

This application is binding. The minimum duration of the partnership is one year. This starts on the first of the month following the date of application. If Versicherungsforen Leipzig does not receive notification of cancellation of the Forum Partnership at least one month before the end of the year, the partnership will automatically be extended for a further year.

The price of the partnership is €2,900 plus VAT p.a. for insurance companies and €3,900 plus VAT p.a. for non-insurance companies.

The services provided as part of the partnership are listed in the Forum Partnership brochure and include the following: all employees of partner companies are provided with access to the protected knowledge sections of the website at www.versicherungsforen.net/wissen, can subscribe to the fortnightly themed dossier published by Versicherungsforen on specific insurance issues and are granted special rates for participation in research and training events organised by Versicherungsforen Leipzig. In addition, as part of the partnership, two employees are invited to attend the Versicherungsforen Partner Congress (date for 2016: 22 September 2016) free of charge.

CONTRACTUAL COMPONENTS OF THE FORUM PARTNERSHIP

1. Object of the Forum Partnership

The Forum Partnership is a service of Versicherungsforen Leipzig GmbH¹.

The aim is to enable, encourage and support the transfer of knowledge and professional discussions between the companies and the world of science. The partner network includes more than 200 companies from the insurance industry, as well as service providers and consultancy firms in the same line of business. Selected professors and other senior academics complement the network from an academic perspective. As part of the partnership, we offer partner companies the opportunity to make use of a variety of services at discounted rates. The specific services are described in detail in the following.

2. Service components of the Forum Partnership

The following services are included in the Forum Partnership.

2.1 Exposure services

On our website

We present the latest news from our partners on our homepage so that visitors to our website can find out what issues are currently of concern to our partners. Each partner company is given its own microsite for its individual corporate presentation. In this area, which is freely accessible to interested parties, our partners can insert their own logo, publish press releases and other publications, refer to their own events, set up links to their own website and leave details of the relevant contact person. Versicherungsforen Leipzig takes on uploading the information.

In our partner event calendar, we provide links to the latest events being organised by our partner companies.

In our publications

Partner companies have the opportunity to publish a technical paper once a year in our themed dossier. We send our themed dossier to employees at our partner companies every two weeks. You can showcase your technical expertise to the entire network by contributing an article. In the monthly newsletter, we present our new forum partners along with interesting news from our partner companies. We incorporate the logos of our partner companies into our logo map and use these in our brochures, on trade fair stands and on our website.

At events

We display the logos of our partner companies at all events organised by Versicherungsforen Leipzig. You may find your logo on welcome slides for the relevant event, in participant documents or on our roll-up displays.

2.2 Knowledge-based services

Subscription to Versicherungsforen themed dossiers

As exclusive part of our services partner companies can obtain the themed dossier free of charge. Our fortnightly themed dossier, which can be subscribed to by any employee of our partner companies, offers a condensed, yet technically sound insight.

Access to our knowledge database

Employees of our partner companies can use our knowledge database to gain an overview of the latest topics and publications in the insurance industry without the need for their own time-consuming research. Access to the knowledge database is password protected. Any employee of our partner companies can arrange for access to be set up.

¹ hereinafter: Versicherungsforen

Individual research and topic development

As part of the forum partnership, each insurance partner company is allocated ten research hours per annum. Our range of services offered in the context of individual research and topic development is diverse and focuses solely on your specific information needs. For companies outside of the insurance industry and other areas of research and topic development, we are happy to provide you with an individual quote.

One-off intensive workshop for new partner companies

Our half-day intensive workshop offers new partner companies the opportunity to discuss the latest trends and developments in-house and work with our technical experts on strategies and solutions. As part of the workshop, we adapt the required technical content to suit the individual needs of our partner companies and work through this together with the workshop participants.

2.3 Participation in the 'Versicherungsforen Partner Congress'

The Partner Congress is an annual event for our partner companies held every autumn. As part of the Forum Partnership, two employees from each partner company are invited to attend the event free of charge. At the Partner Congress, we will be presenting a number of innovative and forward-looking approaches and projects that pick up on the latest pressing issues within the industry.

2.4 Discounts and special rates

We offer special rates to the employees of our partner companies for participation in and sponsoring our wide range of events and training courses. Depending on the specific event, the partner discount is generally between 10 and 20 per cent. In addition to various trade conferences and trade fair conventions, our events include numerous user groups and seminars.

3. Prices

Partner subscription for 12 months is:

| | |
|-----------------------------|-----------|
| For insurance companies | 2.900 EUR |
| For non-insurance companies | 3.900 EUR |

All prices are subject to VAT. The payment is due upon invoicing.

4. Start of the membership

The application is binding. The membership starts on the first calendar day of the following month.

5. Period of notice

The minimum duration of the partnership is one year. If Versicherungsforen Leipzig does not receive notification of cancellation of the Forum Partnership at least one month before the expiry of the year, the partnership will automatically be extended for a further year.

In case of booking events or trainings at special rates, discounts only apply for the duration of the partnership.
